My primary responsibility was to inspect, measure, and weigh incoming and outgoing freight to ensure proper classification in accordance with the NMFTA. I was also responsible for dispatching city drivers, entering the billing when drivers returned. I am experienced and trained in the use of NMFC and in the operation of a forklift.</p>		

## **Cody Brannon**

---

7/02 – 2/03

Schwan's Food Service

Graham, TX

### **Lead Man**

- Loaded/unloaded trucks, stocked freezer
- Propane mechanic, data entry, handled money
- Supervised night operations and answered phones

I supervised the night time operation. I was responsible for ensuring the trucks were loaded, inventoried and fueled. I had to unload the delivery truck, stock freezer, and ensure proper inventory of trucks and freezer. I also had to do minor maintenance on the trucks.

8/00 – 5/01

Albany High School

Albany, TX

### **Network Tech Assistant Intern**

- Built and maintained computers, customer service
- Maintained two campuses' networks and network bridge
- Trouble shooting network, hardware, and software problems

I assisted the networking administrator in maintaining the high school and elementary campus computers and network. I built new computers and serviced old computers for both campuses and helped teachers and students trouble shoot problems.
